

### 700 SERIES SOLID STATE HOUR METERS & COUNTERS

D Case Counter Face

E Case Counter Face with Manual Reset

#### DESCRIPTION

The Curtis 700 Series are highly reliable solid state hour meters and counters that offer an unprecedented combination of patented technology, performance, reliability and value.

*MODEL 700: 2-Wire Hour Meter, displays only when powered. Available in AC/DC.*

*MODEL 701: 3-Wire Hour Meter, has a provision for continuous display. Available in AC/DC and DC-only.*

*MODEL 703: Pulse Counter. Available in AC/DC and DC-only.*

#### WARRANTY

Five-year replacement warranty.

#### Applications

A wide variety of industrial and commercial applications, including scheduled maintenance, warranty and leasing – for medical equipment, transport and industrial vehicles and other industrial equipment.

#### Features

- Five-year replacement warranty.
- Attractive 6-digit LCD 5mm or 7mm digits (7mm with optional backlighting) are much more readable than electro-mechanical meters with 3mm high digits.
- Smallest behind-panel depth of any panel-mount hour meter or counter available.
- Silent operation – no moving parts. Eliminates annoying gear and motor noise.
- Exceptional reliability due to nonvolatile memory (EEPROM) which can retain data for 25+ years.
- Wide voltage ranges, for example, one unit can be powered from 75 to 270 VAC at 50 and 60Hz (48 to 440Hz) – ideal for distribution and worldwide markets without having to stock multiple model types.
- Manual and/or electrical reset (optional).
