**CIT RELAY & SWITCH Introduces RoHS CH Series Vandal Resistant LED Illuminated Panel Pushbutton Switch**

**Maple Grove, Minnesota** – *CIT RELAY & SWITCH* introduces the rugged CH Series lighted, LED illuminated pushbutton switch. Functions include momentary or alternate action in SPDT or DPDT configurations. Illumination includes center dot or ring illumination featuring red, yellow, green, blue, white and orange LED voltages inclusive of 6VDC up to 220VAC. Panel mount style options are stainless steel or polished nickel plated raised or flush actuators. Switch rating is 1amp @ 24vdc or 125vac and .5amp at 250vac with operating temperature range of -25 ~ +55 degree C. Panel cutout is 16mm; width of switch face including the bezel is 18mm. Volume pricing using a DPDT with blue Led illumination ranges from \$7.95 - \$11.96. Lead time is 4 to 6 weeks.

*CIT RELAY & SWITCH*, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives who provide sales, service and delivery.
