

ABS Plastic Miniature Hand Held Enclosures *1551 Series*

General Purpose, Mounting Flanges, Key Rings

Key Features:

- Ideally suited for mounting small printed circuit boards or for use as potting boxes.
- Molded in choice of black, grey, or translucent blue general purpose ABS plastic.
- All sizes also available with an integrated flange. Flanged sizes available in black or grey only.
- Two or four self-tapping screws included, depending on size.
- Screws are color matched to enclosure (nickel plated screws with grey enclosures and black plated with black and blue enclosures).
- Two or four PC board standoffs molded into interior, depending on size.
- Lap joint construction provides protection against access of dust and splashing water.
- Designed to meet IP54.
- Some sizes are available with a keyring kit.
- Models with key ring kit are predrilled in the narrow side.
- For even smaller enclosures, try our **1551MINI** series.
- **Some chemicals can damage or weaken plastic. Please read our Chemical Resistance Statement under Downloads for more information.**

Notes:

- Walls are 2mm (0.08") thick.
- Self-tapping lid screws are #4 x 1/2". For replacements, see part number **1591TS100** (nickel plated, pack of 100) or **1591TS100BK** (black, pack of 100).
- To secure PC boards, use self-tapping #2 x 3/16" screws. Not included with enclosures. See part number **1551ATS100** (nickel plated, pack of 100).

Photo Features:

Available colors include black, grey, or translucent blue.

All models have PC board mounting bosses in the box.

Three sizes are available with integrated key ring. Key ring also sold separately (part number **1427KR**).

All sizes are available with flanges molded into the lid, perfect for wallmounting or suspending with a tie wrap. Black and grey ABS only.
