ABS Plastic Tablet Enclosures *1599TAB Series*

Ergonomic Design, PC Board Standoffs, Battery Compartments

RoHS

Features:

- Low profile, ergonomically designed for a comfortable fit into the user's hands.
- Perfect for instrument or mobile data enclosures requiring a touch screen.
- Choice of three sizes and black or light gray color. All sizes available with or without battery compartment.
- Molded from flame retardant ABS plastic which carries a UL flammability rating of UL94V-0.
- Enclosure is assembled with 6x M3-0.5 x 18mm Phillips machine screws threaded into integral brass bushings. Perfect for applications when repetitive assembly and disassembly are required.
- Integral brass bushings are factory inserted into the top half of the enclosure.
- Lap joint construction provides protection against access of dust and splashing water. Versions without a battery door are designed to meet IP54 ratings.
- PC board standoffs are molded into top and bottom halves of case.
- Contains one removable end panel for easy modification.
- Bottom half of enclosure includes molded inlay for labels.
- "M" and "L" size battery door versions include 8x battery clips (for 4x AA batteries) and 2x 9 volt (PP3) battery clips. "S" size battery door version includes 4x battery clips (for 2x AA batteries) and 1x 9 volt (PP3) battery clip.
- **Some chemicals can damage or weaken plastic. Please read our Chemical Resistance Statement under Downloads for more information.**
