

Quality Products. Service Excellence.

24V / Small Control Open Style, Chassis Mount - 25 VA to 50 VA *PHC*

Series

120V, 208V, 347V or 600V Primary

Features

- Used as a small 24 volt transformer for relay, pilot lights or low voltage, low power control use.
- 60 Hz. operation.
- Chassis mount.
- With 10" leads.
- CSA certified (209651)
- UL listed (File #E207860)
