Rack Mount Monitor VESA Display Mount Panel *RMMB Series*

Fixed rackmount monitor panel designed to securely mount displays directly to standard 19-inch rack rails.

Key Features and Benefits

- 12-gauge steel construction provides heavy-duty support for rack-mounted monitors and displays.
- Fixed panel design mounts monitors flush to the rack, simplifying installation and reducing complexity.
- Supports VESA MIS-D mounting patterns (75 x 75 mm and 100 x 100 mm) for broad display compatibility.
- Designed for monitors up to approximately 30 in and 30.8 lb (14 kg) per VESA guidelines.
- Fits standard 19 in EIA-compliant rack rails for universal compatibility.
- Includes mounting hardware for attaching the monitor to the panel.
- Formed construction increases rigidity and strength for long-term durability.
- Occupies 3U of rack space, providing a compact display integration solution.
- TAA-compliant, manufactured in North America within an ISO 9001 certified facility.
- Black powder coat finish (GREENGUARD, TSCA, RoHS compliant) supports environmental and durability requirements.

The RMMB Series rack mount monitor panels provide a simple and durable solution for installing displays directly into 19-inch rack systems. Designed with a fixed mounting surface and VESA compatibility, they allow monitors to be securely mounted flush to the rack. With heavy-duty steel construction and included mounting hardware, the RMMB Series supports reliable display integration for monitoring, control, and diagnostic applications in data centers, telecom rooms, and industrial environments.

When Another Product May Be a Better Choice

- When you need adjustable monitor positioning, consider our **RB-MMB** Series.

Accessories

- Hardware for Rack Mounting Solutions
- Rack Rail Reducer Panel 23 to 19 Inch Rack Adapter Conversion Panel

Part No.	Overall Dimensions Height	Overall Dimensions Width	Rack Units	VESA Pattern
RMMB193UBK3	5.25	19.00	3U	MIS-D

Where the RMMB Series Works Best

- Data centers and server rooms
- Telecom and network installations

Best Applications for the RMMB Series

- Mounting monitors flush to rack rails
- Integrating display screens for system monitoring

- Industrial and control system racks
- NOC and monitoring environments
- Test and lab rack systems
- Providing fixed-position operator interfaces
- Supporting diagnostic and control displays
- Creating simple, low-profile rack display installations
