

Mechanical Dimensions: Inches [mm]

Tolerances ± 0.012 [0.3] Unless Otherwise Specified

Electrical Specifications

Voltage Rating 160VDC

Maximum Amperage 160A

Insulating cover meets ABYC requirements

For use with F3T Series (110A~200A)

Material Specifications

Terminal Size 1/4-20 (Accepts M6 ring terminals)

Terminal Material Tin-Plated Copper

Max Terminal Torque 72 in-lbs (8.13 N-m)

Mounting Torque 72 in-lb (8.1 N-m)

Mounting Bolt Size 1/4" or M6 Hardware

Ignition Protected SAE J1171 when F3T series fuse is installed
