CRC9000 Mounting Strap (10)

General

TheCRC9000 Mounting Strap (10) is used in the relay panel or other enclosure for component mounting. Each CRC90010 Mounting Strap (10) contains a strip of ten individual straps. The strip can be broken apart as required. The CRC9000 Mounting Strap (10) is screwed to the relay panel subpanel and the components are snapped onto the mounting straps.
