Maple Grove, Minnesota – CIT SWITCH offers illuminated tactile switch. The CL1200 series offers a crisp tactile feel with available LED illumination. The standard red, green, yellow and blue LED provides brilliant illumination directly from the center point of the switch (superbright LEDs are also available upon request). The CL1200 series has a compact design and is rated for 50mA loads at 48VDC. Typical applications for the CL1200 series include audio/video equipment, consumer electronics, and test instrumentation. Standard lead-time is 4 to 6 weeks ARO. (\$0.58 ea / 10,000 pcs. available now)
