FOR IMMEDIATE RELEASE

CIT Relay and Switch introduces the ANT Series  
Miniature Toggle Switch - Now Available with Locking Toggle

**Maple Grove, Minnesota** – Accidental switch actuation is eliminated with the ANT series toggle switch with locking toggle from CIT SWITCH. The ANT series toggle switch is available in two locking toggle styles: LK with a smooth rounded top and LK1 with a sleek beveled top. The spring-loaded actuator pulls out when actuated and snaps back to locking position when released. The ANT series is available with many combinations of toggles, bushings, terminals, and contacts. Lead times average 4-6 weeks ARO. (\$XX ea/1000 available now)

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole and surface mount styles. CIT Relay & Switch products are supported by a network of distributors and sales representatives who provide sales, service and delivery. For more information about the new WJ098 relay, contact CIT Relay & Switch, 7003 Magda Drive, Maple Grove, MN 55369. Phone: 763-535-2339, Fax: 763-535-2194, E-Mail: [sales@citrelay.com](mailto:sales@citrelay.com), Website: [www.citrelay.com](http://www.citrelay.com)

*Dedication makes the difference*
