FOR IMMEDIATE RELEASE

CIT Relay and Switch offers new colors for the JS Series
12mm Illuminated Tactile Switch

Maple Grove, Minnesota – CIT SWITCH offers 12mm illuminated tactile switch. The JS series combines smooth illumination with reliable tactile switching. The JS series offers designers one solution to two design criteria: tactile switching and illumination. Dramatic with any of the red, green, yellow, or blue LED's available, the JS series is rated for 50mA loads at 48VDC and offers aesthetic value and brilliant illumination. Typical applications for the JS series include audio/video equipment, consumer electronics, and test instruments. Standard lead-time is 4 to 6 weeks ARO.
