FOR IMMEDIATE RELEASE

CIT RELAY & SWITCH LPH Series Bi-Color Lighted Pushbutton Switch

Maple Grove, Minnesota – *CIT RELAY & SWITCH* introduces the LPH Series bi-color lighted pushbutton switch. Available with DPDT or 4PDT switch function, this versatile switch offers LED options in both momentary and latching. The electrical rating is 300mA @ 30VDC with an electrical life of typically 20,000 cycles. The LPH Series offers contact resistance of less than 50 mΩ initially with actuation for of 300 ± 100 gf and actuator travel of $3.3 \pm .25$ mm. Offering a clear cap and stainless steel spring, this bi-color lighted pushbutton options include LED colors of red, green, yellow and blue— simply choose one or two colors for your application. The contacts are silver-plated phosphor bronze with silver-plated brass terminals. The LPH Series is ideal for use in computer and computer peripherals, telecommunications, security, test equipment, instrumentation, audio and medical applications. Lead-time averages 5 to 6 weeks. Pricing starts at \$1.25 @ 1000 pieces.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
