FOR IMMEDIATE RELEASE

CIT RELAY & SWITCH CTA3/A3 Series 80amp Automotive Relay (RoHS Compliant)

Maple Grove, Minnesota – *CIT RELAY & SWITCH* introduces the CTA3/A3 Series relay. Built at our QS-9000 and ISO 9002 certified manufacturing plant, this relay offers a large switching capacity up to 80A, three different contact arrangements with PCB pin and Quick-Connect mounting available. Electrical life is rated at 100K cycles and mechanical life at 10M cycle, coil to contact dielectric strength of 500V rms minimum at sea level and contact to contact strength of 500V rms minimum at sea level. The CTA3/A3 relay offers an optional mounting flange and choice of coil voltage including 6VDC, 12VDC or 24VDC. See website specifications or contact the factory directly for a variety of coil suppression options. This versatile relay is ideal for use in automotive, heavy earth moving equipment, off-road 4 wheel, go-cart, golf-cart, snowmobile, tractor, riding mower, emergency vehicle flashing lights and similar applications. Lead-time averages 5 to 11 weeks. Pricing starts at \$1.05 @ 10,000 pieces depending upon configuration.

For off-road vehicles design be sure to ask CIT engineering about the availability of rugged vibration resistant versions.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives who provide sales, service and delivery. For more information about the new CTA3/A3 relay with mounting flange or any of the CIT relay line, contact *CIT RELAY & SWITCH*, 7003 Magda Drive, Maple Grove, MN 55369.
