

"Flat Rocker" actuator for A & C-Series Breakers

Carling Technologies' A & C-Series circuit breakers, well known in the industry for their proven reliability, small size and applied versatility, are now available with a new actuator style: **The Flat Rocker.**

This exciting new actuator style reduces the chance of inadvertent actuation or turnoff of the breaker, while also offering great aesthetic appearance.

The "Flat Rocker" is available on products with literally thousands of options relative to voltage, current, interrupt capacity, delay times, terminal options, auxiliary switches and tripping characteristics. Approvals include various levels of UL listing and recognition, VDE, CSA, and are in compliance with all relevant CE directives.

Product Availability: Samples and production quantities are immediately available.

Ordering Specifics: To order the Flat Rocker, refer to the relevant A & C-Series Ordering Scheme and substitute the following relevant code for the Rocker selection:

Visi-Rocker:

- 1 Indicate OFF, Vertical Legend
- 2 Indicate OFF, Horizontal Legend

Single Color Rocker:

- 3 Vertical Legend
- 4 Horizontal Legend

Push-To-Reset Visi-Rocker:

- 5 Indicate OFF, Vertical Legend
- 6 Indicate OFF, Horizontal Legend

Push-To-Reset Single Color Rocker:

- 7 Vertical Legend
- 8 Horizontal Legend

Carling Technologies is one of the world's largest manufacturers of Hydraulic Magnetic and Thermal Circuit Breakers, Electrical Switches and Assemblies, and Advanced Systems including Power

Product Bulletin #102 **January 21, 2004**
